

TS24 Digital Design and Animation

ES/OBJ	Statement	RBT Des	%
			100%
1	Understand digital design production.	C2	10%
1.01	Remember the history and careers of digital design and modeling.	C1	3%
1.02	Remember hardware and software used in digital design.	C1	3%
1.03	Understand intellectual property guidelines in digital design.	C2	4%
2	Apply procedures to produce 2D graphics.	C3	26%
2.01	Apply vector image production methods.	C3	13%
2.02	Apply bitmap editing and production methods.	C3	13%
3	Understand digital design techniques.	C2	22%
3.01	Understand design pipeline.	C2	7%
3.02	Understand elements and principles of digital design.	C2	8%
3.03	Understand color theory in digital design.	C2	4%
3.04	Understand composition techniques.	C2	3%
4	Apply procedures to produce digital audio and video.	C3	22%
4.01	Apply procedures to edit and produce digital audio and video.	C3	5%
4.02	Apply digital effects to audio and video.	C3	10%
4.03	Apply procedures to animate graphics.	C3	7%
5	Apply procedures to produce 3D graphics.	C3	20%
5.01	Understand transformations in Cartesian space.	C2	2%
5.02	Apply procedures to render 3D models, scenes and animations.	C3	18%
